

HOW YOU CAN MAKE AN IMPACT

Your support helps build an equitable community of science lovers.

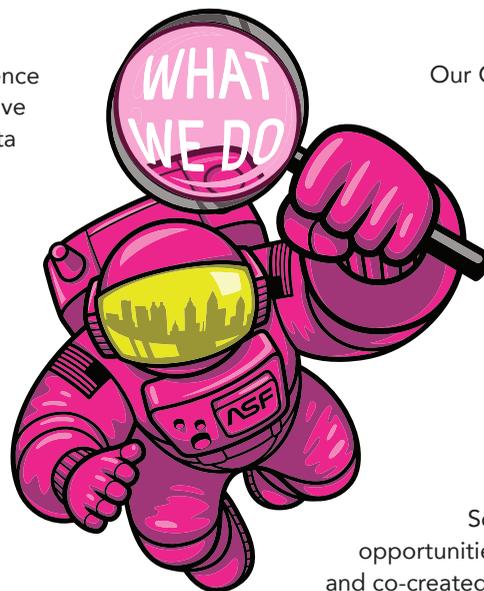

ATLANTA SCIENCE FESTIVAL

This two-week festival celebrates local science and technology, featuring more than 100 live and virtual events throughout metro Atlanta and reaching more than 50K children and adults each year. Festival events feature 100+ partner organizations culminating in the free explosive Exploration Expo, Atlanta's biggest interactive science event.

SCIENCE ALL YEAR

Science ATL produces monthly events including workshops, book clubs, tours, exhibits, partner pop-ups, and science/culture mashups. At the Science Scene, our online event calendar, we connect residents to local science events, workshops, and meetups.

SCHOOL & YOUTH PROGRAMS

Our Chief Science Officers program prepares 50 middle and high school students for STEM leadership roles, empowering them to make change in their communities. While our STEM Professional School Partnership program cultivates strong and sustainable partnerships between 50 schools and local industry/academia.

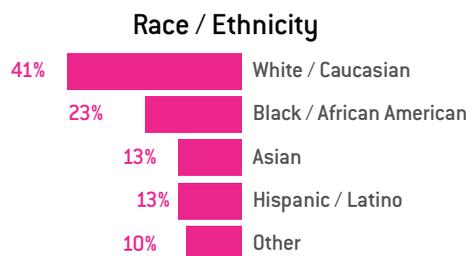

EQUITABLE ACCESS

Science ATL works to create science learning opportunities that are welcoming to, representative of, and co-created by groups historically underrepresented in STEM fields. Through community partnerships, efforts in communities with low Child Well-Being, and recruitment of representative volunteers and speakers, we are addressing opportunity gaps in metro Atlanta.

SCIENCE ATL BY THE NUMBERS*

75% of partner schools in areas with Low Child-Well Being**

Gender

"In my 27 years of being in business, this is the single most important thing I've ever done. It's also the most enjoyable thing I've ever done. Being able to shine the light on science is going to draw people, companies, and investment to the metro Atlanta region."

David Hartnett

Science ATL Founding Board Chair and Chief Economic Development Officer, Metro Atlanta Chamber

**United Way of Greater Atlanta's Child Well-Being index helps to identify neighborhoods which lack the basic opportunities and resources for children to thrive.

WHY SUPPORT SCIENCE ATL?

ACCESS

Science ATL broadens participation in science learning opportunities for groups underrepresented in STEM.

ENGAGE

Science ATL offers opportunities for employees to mentor youth and engage with community members to share their passion for STEM careers.

REACH

Each year, Science ATL reaches more than 50K people in person, 70K digital subscribers, and more than 50M media impressions.

CONNECT

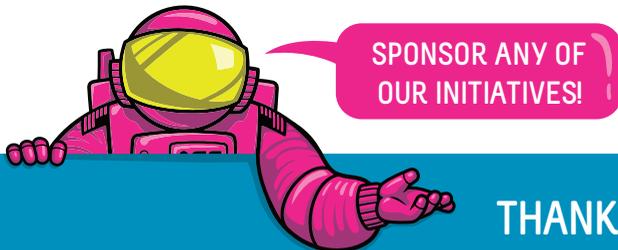

Science ATL collaborates with more than 150 science, cultural, and educational institutions to strengthen the STEAM ecosystem in Atlanta.

2022 SPONSOR BENEFITS

As a Science ATL sponsor, you will join us in cultivating an equitable community of lifelong learners across metro Atlanta who are connected and inspired by the wonder of science.

	Pt Platinum SPONSOR \$100,000	Au Gold SPONSOR \$50,000	Ag Silver SPONSOR \$25,000	Cu Copper SPONSOR \$10,000	Kr Krypton SPONSOR \$5,000
