

Science ATL brings people together through the wonder of science.

HOW YOU CAN MAKE AN IMPACT

Your support helps build an equitable community of science lovers.

ATLANTA SCIENCE FESTIVAL

The Atlanta Science Festival (ASF) celebrates local science and technology, featuring more than 100 events throughout metro Atlanta and reaching more than 50K children and adults each year. The two-week Festival features 100+ partner organizations, and culminates in the free Exploration Expo, Atlanta's biggest interactive science event.

SCIENCE ALL YEAR

Outside the Festival, Science ATL makes science accessible and fun all year round. We take you on nature walks, guide you through our intergenerational summer book club, conduct lab experiments together, or put on a stage show that mashes together science and culture. Every month you'll find a new and creative way to enjoy science.

SCHOOL PROGRAMS

Science ATL works with under-resourced schools to build STEM capacity, forge partnerships, amplify student opportunities, and connect students with diverse local STEM professionals. Our STEM Forward program cultivates STEM leadership teams at 30 schools while our Science Lives Here! school hallway exhibit and STEM Futures program bring STEM professionals into 100 classrooms each year.

EQUITABLE ACCESS

Science ATL creates learning opportunities that are welcoming to and representative of groups historically underrepresented in STEM fields. Through community partnerships, efforts in under-resourced areas, and recruitment of representative volunteers and speakers, we are broadening access to science in metro Atlanta.

"Without this program, I would not be the leader I am today and never would have had the opportunities and connections to people all around Georgia that I do now."

Samantha Kirn
Science ATL Program Alumna

WHY SUPPORT SCIENCE ATL?

ACCESS

Science ATL broadens participation in science learning opportunities for groups underrepresented in STEM.

ENGAGE

Science ATL offers opportunities for employees to mentor youth and engage with community members to share their passion for STEM careers.

REACH

Each year, Science ATL reaches more than 55K people in person, 90K digital subscribers, and more than 50M media impressions.

CONNECT

Science ATL collaborates with more than 250 science, cultural, and educational institutions to strengthen the STEAM ecosystem in Atlanta.

2025-26 SPONSOR BENEFITS

Funders may direct support toward Public Events/Festival, School Programs, or provide unrestricted funds to be used where most needed.
