

## Parking and Load-in Instructions

### How to find us

#### Our address:

CreateATL

900 Murphy Ave SW

Atlanta, GA 30310

**don't forget the SW.**

Freight Trains can sometimes block the main intersection near our building; there is an underpass at Ralph David Abernathy Ave as a detour to get onto Murphy Ave if needed.

### Public Transportation

5-minute walk via MARTA - West End Station.

Walk South on Lee St., cross over Whitehall Ave and the train tracks.

Adair Park will be in front of you. Make a right onto Murphy Ave., which runs parallel to the train tracks. CreateATL is a half-block down - navy/green warehouse building with huge garage bay doors. If you pass the Furniture Bank, you have gone too far.

### Rideshare

We strongly encourage rideshare, as parking is limited. When using rideshare, we suggest setting your dropoff location to Christ Full of Grace & Truth, located directly behind CreateATL. Their address is as follows.

910 Allene Ave SW, Atlanta, GA 30310

Note: The church parking lot is private property and parking there is prohibited.

---

### Parking

There is limited parking in our front lot of CreateATL on Murphy Ave. Additional street parking is available on **Allene Ave**, **Bonnie Brae Ave SW**, **Lillian Ave SW**, and **Pearce St SW**. Please be considerate and do not block neighbors' driveways. Please see the maps below.

Green zones are open for street parking. We ask that guests refrain from parking on the red side of the street. The purple zones should be reserved for loading and unloading.
